Administrative Fund Transfer - Section 7.805

Page 9

Description: The Director and Staff pays personal services and expense and equipment expenditures from the Department of Labor and Industrial Relations (DOLIR) Administrative Fund. In compliance with its federal cost allocation plan, the Department transfers monies into this fund from four funding sources: General Revenue, Federal, Workers' Compensation, and Special Employment Security. By using the DOLIR Administrative Fund, the Department complies with the cost allocation requirements more efficiently in payment, payroll processing, and procurement. Fiscal, payroll, and procurement staff can input one-line accounting distributions rather than three-line entries, which were entered when costs were allocated over three funds for each transaction, reducing data entry by at least 67%. The transfers include amounts necessary to meet required fringe benefit transfers for these staff which are appropriated in HB 5.

Labor Standards - Mine Safety Health Training Program (MSHT) - Section 7.830

Page 50

Description: The Mine Safety and Health Training Program is 80% funded by the federal Mine Safety and Health Administration (MSHA) with a 20% required state match by the Workers' Compensation Administration Fund. The program provides new miners with the initial regimen of safety and health training courses: first aid, cardiopulmonary resuscitation, mine rescue, miner's rights, and hazards associated with the task assigned. The Mine Act of 1977 (Title 30 Code of Federal Regulations Parts 46, 48, 49, 56, 57, 71, and 75) requires miners complete these courses before they are allowed to start work. Each subsequent year, miners must receive an eight-hour refresher course on those same topics and any other topic necessary to address trends of accidents, injuries, or fatalities. Courses are site specific and tailored to the type and scope of the mining operation. The core also includes the Mine and Cave Inspection Program which conducts statutorily required inspections and safety and health consultations at Missouri's production mines and commercially operated mines and caves open to the public which are funded by General Revenue and the fees deposited to the Mine Inspection Fund pursuant to Section 293.030, RSMo.

Workers' Compensation - Administration - Section 7.840

Page 86

Description: The Workers' Compensation Division ensures that an employee who suffers a work-related accident, injury, or occupational disease receives medical treatment, wage loss replacement benefits, permanent partial or permanent total disability benefits, and/or death benefits as prescribed by the law. The Division also oversees benefits that are owed to employees for occupational diseases due to toxic exposure. Various options to resolve disputes that may arise between injured employees and the employers/insurers, and/or the Second Injury Fund (SIF); including adjudication services, are provided through eight satellite offices. The Division also regulates individual employers and groups/trusts who have been authorized to self-insure their workers' compensation obligations and investigates allegations of workers' compensation fraud and noncompliance. The Division also authorizes payment of compensation and benefits from the SIF and administers the Line of Duty and Tort Victims' Compensation Programs.

Workers' Compensation - Second Injury Fund Payment - Section 7.845

Page 74

Description: When an employee sustains a work injury covered by workers' compensation and the combined effect of the work injury and prior disability results in permanent total disability (PTD) or increased permanent partial disability (PPD), the employer at the time of the work injury is liable only for compensation due from the work injury. The remaining compensation for the prior disability is paid from the Second Injury Fund (SIF). In cases where the work injury occurred before January 1, 2014, the SIF will pay compensation for the prior disability per §287.220.2, RSMo., and such compensation may include disability, death, physical rehabilitation, second job wage loss benefit, and medical bills. Claims filed against the SIF and all claims involving subsequent compensable injury resulting from an occupational disease filed on or after January 1, 2014, are compensated per §287.220.3, RSMo. Effective January 1, 2014, the SIF is only responsible to pay PTD and physical rehabilitation.

Tort Victims' Compensation Payments - Section 7.865

Page 102

Description: The Tort Victims' Compensation Fund provides payments to people who have been injured due to the negligence or recklessness of another, who have been unable to obtain full compensation because the party at fault had no insurance, inadequate insurance, has filed for bankruptcy, or other reasons specified in the law. Tort Victims' Compensation Fund revenue is generated from payment of court awards of punitive damages in civil lawsuits in Missouri. Due to the unreliability of the funding source, there may not be a sufficient amount to pay benefits in a given year. Under the law, payments to eligible claimants are suspended until the balance of the fund exceeds \$100,000. Any sum awarded that cannot be paid due to lack of funds appropriated for the payment of claims of uncompensated tort victims does not constitute a claim against the state. As described in section 537.675.5, RSMo., (previously section 477.650, RSMo.), 26% of the court awards received are transferred to the Basic Civil Legal Services (BCLS) Fund annually. The remainder is available to pay eligible Tort Victims' Compensation claims.

Basic Civil Legal Services Fund Transfer - Section 7.870

Page 109

Description: The Tort Victims' Compensation Fund provides payments to people who have been injured due to the negligence or recklessness of another, who have been unable to obtain full compensation because the party at fault had no insurance, inadequate insurance, has filed for bankruptcy, or other reasons specified in the law. Tort Victims' Compensation Fund revenue is generated from payment of court awards of punitive damages in civil lawsuits in Missouri. Due to the unreliability of the funding source, there may not be a sufficient amount to pay benefits in a given year. Under the law, payments to eligible claimants are suspended until the balance of the fund exceeds \$100,000. Any sum awarded that cannot be paid due to lack of funds appropriated for the payment of claims of uncompensated tort victims does not constitute a claim against the state. As described in section 537.675.5, RSMo., (previously section 477.650, RSMo.), 26% of the court awards received are transferred to the Basic Civil Legal Services (BCLS) Fund annually

Division of Employment Security - Administration - Section 7.875

Page 115

Description: The Division of Employment Security (DES) administers the state’s Unemployment Insurance (UI) program. The UI program provides a measure of protection against loss of wages for workers who become unemployed through no fault of their own. This core provides funding for staff and expenses associated with administration of Missouri's UI program, including the collection of UI taxes, payment of benefits, and processing of appeals by employers and workers. The UI benefits paid to eligible workers assists Missouri's economy during periods of economic downturn by helping stabilize the level of consumer purchasing power. As a part of the state UI program, DES collects the state UI tax and wage item data regarding the amount of wages paid to each individual reportable worker. The funds included in this core also finance the administrative cost of operating various related federal programs, including Disaster Unemployment Assistance (DUA), Trade Adjustment Assistance (TAA), and the various Federal pandemic programs.

This new decision item is requesting \$10 million of appropriation authority from a new fund that will receive its revenue from five-hundredths of one percent (0.05%) of employers' taxable wages. This is only an allocation from, not an increase in, the tax owed by employers who pay the Unemployment Insurance (UI) tax.												
The need for this new fund is a result of insufficient federal funding to administer the UI program due to rising administrative costs when unemployment applications increase. Until FY 2025, the cost of administering the UI program was done strictly through the federal Unemployment Compensation Administration Fund (UCAF). In FY 2025 and FY 2026 general revenue appropriation has been needed to cover salaries for employees and other administrative costs of the UI program. This increase and new fund will allow DES to administer the UI program with the goal of eliminating reliance on general revenue by FY 2029.

Description: The Employment & Training Payments core authorizes the Division of Employment Security (DES) to pay unemployment insurance (UI) benefits to eligible claimants under the Disaster Unemployment Assistance (DUA) program; and to pay subsistence, transportation, and job relocation expenses under the Trade Adjustment Assistance (TAA) program. Based upon federal criteria, these programs provide UI benefits to eligible claimants as a result of job loss due to natural disasters and workforce reductions related to trade agreements. In addition, Federal CARES Act reimbursements of Shared Work (Short-Time Compensation) benefits were received and processed through this appropriation

Employment Security-War on Terror Unemployment Compensation – Section 7.890

Page 143

Description: Established in section 288.042, RSMo., this core finances the administration and unemployment benefits paid under the War on Terror Program. A “War on Terror Veteran” is a Missouri resident who serves in the National Guard or is a member of a United States Armed Forces reserve unit who was domiciled in Missouri immediately prior to deployment and whom a Missouri court has found was discharged or laid off by his or her employer during deployment or within thirty days of completing deployment. Any employer that is found in any Missouri Court or United States District Court located in Missouri to have terminated or taken adverse employment action against a “War on Terror Veteran” due to his or her absence while deployed, shall be subject to an administrative penalty of \$35,000. The "War on Terror Veteran" is entitled to receive veterans’ unemployment benefits for up to 26 weeks. This appropriation authority has never been used. Due to the severity of the War on Terror penalty that would be levied against offenders, the Division of Employment Security believes there will be few unemployment claims against this core.

Employment Security - Debt Offset Escrow Fund - Section 7.895

Page 148

Description: This core allows the Division of Employment Security (DES) to use intercepted income tax refunds for the purpose of repaying Unemployment Insurance (UI) benefit overpayments and delinquent employer tax. Only the amount owed at the time the refund is issued is intercepted. Any payments made between the intercept and the application of the intercepted funds to the delinquent accounts are applied to the balance owed. The intercepted refund is then applied to the balance owed, and any remaining funds are released to the taxpayer. This aids DES in collecting monies due to the Unemployment Compensation Trust Fund.
